Special to the News.

After a long silence I will again try to write a few lines for the News. I am always glad to get the paper, and read the letters from all parts of the country. Some of them are real "spicy". We had a snow storm at this place yesterday. The ground is covered with snow today and it is still cloudy.

The death angel visited our neighborhood on Dec. 3rd, 1909, and took from our midst Miss Alice Davidson. It is sad for one so young to have to die, but there is one sweet consolation, she was a Christian and ready to go. Her body was laid to rest in the Fairmount Cemetery on Sunday, Dec. 5th, 1909. She leaves many friends who will miss her. Today she walks the streets of the new Jerusalem, and is at home in the beautiful city of God.

The weather has been so changeable lately that nearly everybody is suffering with bad colds and several are threatened with pneumonia.

Mike Kilray and Silas Brown have returned from Athens, Tenn., where they have been attending school.

E. J. Lowrey went to Chattanooga Thursday to lay in a stock of Christmas goods. You know he runs the "Mammoth Store" at this place, and keeps all kinds of merchandise.

Walter Estil and Miss Josie Davidson were quietly married Nov. 28th, 1909. There were no invited guests, only members of the family being present.

George Estil has been with the Telephone Company for two or three weeks. They are working on the lines around Fairmount and Summertown.

Have just read "Rambling Sam's" article from Oklahoma. Glad to get news from him and J. F. Brown and family. Hope they will prosper in their new home. There is one thing about the "Ramblers", and that is about his approaching marriage. Madam Rumor says that he is to wed during the Christmas holidays. Success to you, "Sam". When "Sam" told about "Sunny Jim" trying to catch the sheep and get "batted out", it reminded me of a little hunt the boys took before he went west. After they hunted awhile, the dogs treed a skunk, and "Rambling Sam" got some fire and said, "Come on, boys, fire will bring anything," so he began to smoke it out. Well, it came, and "Sam" left without waiting to see what it looked like, but I guess he will remember it for years to come. I know he couldn't help remembering for several days the impression was too strong to fade away in a day.

Sunny Jim.

Ill Health More Expensive Than Any Cure.

This country is now filled with people who migrate across the continent in all directions, seeking that which gold cannot buy. Nine-tenths of them are suffering from throat and lung trouble or chronic catarrh, resulting from neglected colds, and spending fortunes vainly trying to regain lost health. Could every sufferer but undo the past and cure that first neglected cold, all this sorrow, pain, anxiety and expense could have been avoided. Chamberlain's Cough Remedy is famous for its cures of colds, and can always be depended upon. Use it and the more serious diseases may be avoided. For sale by Whitwell Drug Co.

Snow and sleet and rain and mud have been the order of the past week. Harvey Turner spent Friday in DuQuoin.

Chas. James, of Benton, was here Saturday.

John Arledge returned home Saturday from Crudup, Ala., where he had been on a visit and Miss Fanny Arledge returned with him. She is going to make her home with John and his wife.

I want to say to W. M. Brown, of Dunlap, Tenn., that we were sorry to hear you lost your job for writing the scale of wages, but we are glad you told it, and I don't guess you care for the job or for a company that will do any man as they did you. A man should not work for them. I wouldn't do it myself. We had heard so much about the work at Dunlap and how much money they could make up there. Mr. Brown, if you will come to Illinois where they work union men I will see that you get a job. You are a man I know and I want to thank you for being one. Lots of men might have been in your place and got discharged for writing the letter you did and would never have told it. We are glad you have nerve enough to tell it and advertise it, as your superintendent called it. I want you to write to the News every week. You are already discharged and you can write as the other men that are working will be afraid to write to the News. They will be afraid they will lose their job, but if that company don't think they own the men that work for them, I would like to see one that does. So let us hear from you every week.

John Arledge and Harvey Turner called on John Lenard and G. W. Pickett this morning.

The North mines had a wreck in the shaft. One of the cages broke in two. Part of it went back to the bottom and the other part went to the top.

DuQuoin, Ills., saloons are open. Lots of the boys from here went over Saturday evening. One man had too much Saturday evening here on the streets. He was drunk and wanted to fight, and the city marshal came down to the street and took him to the cooler to sleep, so I guess he is sick this morning for his bed costs a little high. It costs \$7.80 to sleep in the cooler. I feel sorry for the poor man, but whiskey was the cause of it all.

Mr. and Mrs. John Arledge and Misses Fanny and Eva Isabel Arledge spent Sunday evening with Mr. and Mrs. Nol Swain. White Face.

That Lame Back Means Kidney Disease

And to Relieve the Lame and Aching Back, You Must First Relieve the Kidneys

There is no question about that at all—for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: Extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections of diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt.

They regulate, purify, and effectively heal and restore the kidneys, bladder and liver, to perfect and healthy condition—even in some of the most advanced cases.

For sale by Whitwell Drug Co., Whitwell, and J. W. Simpson, Jasper.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail postpaid.
